

Parks & Recreation Building Committee Meeting

January 18, 2018

City Hall 7 PM

Call to Order

Pledge of Allegiance

Roll Call

Introductions

Comment by Mayor

AGENDA ITEMS / ANY ADDITIONS / APPROVAL OF AGENDA

1. Election of a Chairperson, Co-Chairperson and Recording Secretary

2. Statement of Goals Questions to be answered:

Assuming that everyone is agreed that the Parks & Rec Department needs a headquarters ---

-Does it need its own building? If so, should the building also serve as a Community Center or is a Community Center needed that also serves as the Parks & Rec headquarters?

- If a building is needed, what amenities should it have? What services should it offer and how large should it be?

- If a building is needed where should it be located? All possible places should be considered.

- What is the estimated cost of such a building?

- Can a City our size afford to construct a building as proposed?

- What is the cost to maintain a building as proposed?

- Where will the revenue come from to pay for the building and maintain it?**
- If money is borrowed, how will the money be paid back?**

3. Should we seek out surrounding communities and school systems to be partners? Will partnering reduce costs and improve services for our residents?

4. What possible grant opportunities are possible and what are the time lines involved?

Should this committee be separated into sub-committees and given the task of researching the above questions? They could then report back to the full committee for consideration of their findings.

--- Comments from residents are welcome. Please limit your comments to three minutes and direct your comments to the chair.
